COURSEWORK

UNDERGRADUATE

Competitive Programming • Data Structures and Algorithms • Operating Systems • Pattern Recognition • Database Management System • Natural Language Processing • Swarm & Evolutionary Computing • Computer Graphics • Machine Learning

SKILLS

LANGUAGES

C • C++ • Java • Python

PROGRAMMING

Android Development • Machine Learning • IOS Development • Git
Familiar With: Front-end Development • SQL • Linux

INTEREST

Reading • Travelling • Problem solving

STATEMENT

Enthusiastic, highly motivated Computer Science student with proven leadership capabilities, who likes to take initiative and seek out new challenges.

EXPERIENCE

ADOBE SYSTEMS |PRODUCT INTERN
